Response to Amendment

1. The reply filed on 3/30/06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): applicant elects figures 5A and presumably figures 5B1-5B8 also. The species are to a structural column only, not to assembly of multiple columns and panels thereo. Applicant's election of the claims that supposedly read on the election has claims that read on structures not in the elected specie; for example, panels attaching the columns together at different vertical and horizontal elevations. If it is applicant's intention to elect a specie with a combination of features, the specie needs to be selected accordingly. Thus, applicant is asked to elect claims that read on specie 5A, 5B1-5B8 only. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE** (1) **MONTH or THIRTY** (30) **DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
